## BOSS WILL GET BIG FROST IN CHARLEROI

### Weak Attempt To Work For Acheson Given Up This Morning.

If the Tener enthusiasm which is this morning rife in Charleroi is any evidence of the sentiment over the district a most overwhelming defeat is in store for Congressman Acheson.

The latter has workers it is true and it is rumored that plenty of money has been sent here from Washington to bolster up the boss's waning cause; but this is of no avail against the tremendous Tener sentiment which has been steadily growing during the past two weeks. A prominent Acheson worker talked to a Mail representative this morning and said that after an hour or two "on the job" he was going to give up championing the cause of one who hadn't the ghost of a show.

"Oh, local option takes all right," remarked this man in reply to an inquiry, "but when Acheson's name is mentioned in connection with that object nine fellows out of ten fly up in the air. I really thought the old man had the temperance people in line for him along with the legislative candidates he has slated, but I find a great mistake has been made. All classes refer to J. K. Tener as the local option candidate for congress."

Mr. Tener several days ago gave orders that no liquor was to be used in his campaign and his instructions have been rigidly obeyed. Several attempts have been made to prove that this is not true but it is a fact that booze is not and will not be used by Mr. Tener or his friends and it appears it will be known to have been furnished by the opposition.

The friends of the different legislative candidates are very busy. The ministerial association is taking part in the matter and have out circulars in which they advise the voters of the three parties to support certain candidates. All the other candidates for Assembly have workers hustling for them.

One of the interesting contests in the Republican primaries is that for the nomination of treasurer. At least five out of the six candidates claim they will win. The fight has been waged with vigor and earnestness for weeks and as the campaign draws to a close each candidate feels confident of winning.

The candidates in the field are John H. Bowers, of Charleroi; C. H. Drum, of California; William E. Lane, Washington; L. V. Martindell, Deemston; Elmer S. McIlvane, Monongahela; and Boyd C. Parshall, Washington. This contest is second only to the congressional and legislative fight. During the last few days many bets have been reported affecting the treasurer's contest.

are said to have been made.

The whole contest is so much up in

the air at this time that no one can predict the result.

The contests for coroner, although not attracting so much attention, is among seven candidates with the field open. These candidates are George B. Clutter, James T. Heffran, H. K. Kelly, T. F. Nickolls, Calvin Patterson, C. C. Vankirk and R. L. Culbertson.

For the office of county commissioner five candidates are in the field and an interesting contest has been going on for this place. The aspirants are John A. Berry, Thomas Hill, J. A. Hoffman, D. W. Myers and R. D. (Continued on second page)

## LOCAL FLINT WORKERS SHOW UP ACHESON FALSEHOOD

As members of Flint Glass Workers local union, No. 41, we hereby certify that the story published to the effect that John K. Tener tried to urge union members to return to work at the Macbeth factory, is an absolute falsehood started for the purpose of trying to injure Mr. Tener in his candidacy for congress. The congressional records show that E. F. Acheson never did one single thing in congress in 14 years in the interests of union labor, but has always voted against anything and everything in the interests of the workingmen. He is not a friend of union labor, and the methods being used to injure the man who has been an insult to united labor. At the time of the strike at the Macbeth factory Mr. Tener was the owner and afterwards owned a glass factory in West Virginia. Signed, James Jackson, Albert Newmeyer, Peter Naylor, George Stebline, Edward Armstrong, James J. Turley, Daniel C. Lindsay, Andrew Kenchgens, Joseph Michael, secretary; Joseph Stritt, Lewis Bruno, Harry Diehl, W. J. Palmer, Charles Schram, James Robison.

## WILL FURNISH ELECTION NEWS

The Charleroi Telephone company have placed a telephone in the Tener Headquarters where election news will be received. They have telephones in the Elks Club rooms, the Turn Verein, and at all of the above places as well as at all pay stations. Election news will be given out. No charges, all free.

This company passed the 200 mark yesterday and have orders to keep their men busy for some time placing new phones.

Their Pittsburgh service has increased wonderfully as well as other long distance service.

The work towards placing service in Monessen, Belle Vernon, and Donora is progressing and it is probable that the towns mentioned will be connected before fall. Work has been started on the Air Line to Washington and nothing preventing service will be given direct by August first. Other local lines are planned and no doubt will be built this year.

## FOUND \$200 WORTH OF SWAG IN HOUSE

Three Hungarians had a hearing before Squire Ross at Brownsville yesterday morning on a charge of having broken into and robbed a freight car on the Redstone branch, of the Pennsylvania railroad a few nights ago. The men were held for court. They admitted their guilt.

The arrests were made by Railroad Detectives George Marker, J. A. Henderson and Lieut. W. J. Davis. They found over \$200 worth of swag in the house where the foreigners lived.

Mr. John Riha, of Vining, Ia., says "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold. I have used them myself with fine results." Sold by Piper Bros.

## IS FINED \$20 FOR CRUELTY TO ANIMALS

Yesterday Humane Agent William Gelder got after William Gibson, a California baker, for cruelty to animals. He arrested the man, who at a subsequent hearing before Justice E. E. Rice was fined \$20 and costs. The man had been warned several times to desist from using horses that were crippled or had sore shoulders, but paid no attention, so the case was reported to the humane officers.

### Turn Verein Convention.

The annual convention of the Pittsburgh Turner district will be held next Sunday in the Charleroi Turner hall. Thirty-two Turner societies of the district will be represented, an aggregate of 250 delegates having assented to attend.

## USING LIQUOR IN WASHINGTON

The Reporter yesterday sang Boss Acheson's swan song. It related the story of the use of beer in behalf of John K. Tener, the Republican party candidate for Congress. That story has been repeated time after time in the Reporter and Observer.

But The Record has proved the contents of those two sheets to be absolutely false so often, even within the short space of this week, that people only laugh at their assertions or statements.

As a matter of fact The Record has had evidence for two weeks of the placing of beer in certain places and the lavish use of whiskey in Congressman Acheson's behalf.

In The Record office is the picture of a drug store in Washington in which for weeks past free prescriptions (Continued on page four)

### Needed Bird Defenders.

A suggestion is made to the boys of Lewistown, by the Lewistown Gazette, that is applicable to every town throughout the state. It is this: "There are at least a thousand boys and girls in our public schools of all grades who should enlist in the army of bird defenders. We are sorry to say it, but some of our most beautiful song birds were criminally shot by youthful hunters last year because parents allowed them the use of target and other guns."

## ALMOST READY FOR SEASON'S OPENING AT CONNELLSVILLE

Connellsville, Pa., April 10.—An enthusiastic meeting of the baseball enthusiasts of this prosperous city was held here this evening, following a conference of the club owners and magnates of the Pennsylvania and West Virginia Baseball League, and all is now in readiness for the opening of the season except the adoption of a schedule. This important matter will be disposed of at a meeting of the schedule committee to be held early next week.

When the magnates assembled here all were filled with a spirit of enthusiasm that augured well for the success of the organization.

Unfortunately, a misunderstanding had caused the report to be circulated that Connellsville was hesitating, and that the chances were the Coke City could not be represented in the league.

Naturally, this state of affairs caused considerable uneasiness on the part of the other club owners, but when the Connellsville people got together this evening it was found that this city was just as game and "sporty" as any other member of the organization.

Connellsville people, who are public-spirited and progressive, gave the lie to the many misleading reports by forming the Connellsville Baseball Association. H. F. Barkley was elected president; James H. Doyle, vice president; Harry Schenck, secretary and treasurer; Wade Marietta, business manager; board of directors, Barkley, Doyle, Marietta, W. D. McGinnis, B. C. Mitchell, J. Donald Porter, A. D. Sisson, H. C. Hoffman, Squire Stillwagon, A. A. Straub and T. C. Echard.

After the Connellsville promoters had completed their organization there was another session of the league when all the teams posted their guarantee—\$500 each—to play out the schedule, and the future of the Pennsylvania and West Virginia League is certainly of the brightest.

The Connellsville association starts out with \$2,000 in their treasury, but the working capital is to be increased.

President James D. Groninger stated tonight that all is now in readiness for the season. "The league is going to be one of the best minors ever organized," said he. "This will be the last meeting before the beginning of the championship campaign. Today's developments have been most gratifying and every member feels that the league will be a big success. The schedule committee will meet Monday or Tuesday, when the arrangement of playing dates will be made public. Connellsville has applications from five well-known players, who are anxious to manage the Cokers, and it is safe to say that it will have one of the best teams in the league."

## WAS PUT UP JOB OF A FEW MEMBERS

### No Truth In Statement Sent Out that Endorsement of Tener was Withdrawn

Monaca, March 10.—Great indignation is expressed here by the members of the Flint glass workers' union over the alleged withdrawal of their endorsement of the candidacy of J. K. Tener for congress. The meeting at which the alleged withdrawal was passed was irregular and was not called in the usual and legal manner. Only a few members known to be opposed to Mr. Tener were invited to be present. Their course is repudiated by the other union men in this vicinity. This efforts to injure Mr. Tener have proved a boomerang, and he is stronger with organized labor in Beaver county today than ever before.

Toronto, O., April 10.—Charles Baker, a prominent member of the Flint Glass Workers' union No. 73, of this place, today made the following statement: "The story being circulated to the effect that the Flint Glass Workers' union here passed resolutions condemning Mr. John K. Tener of Charleroi, Pa., for his course in the MacBeth-Evans strike is absolutely false. Such resolutions were offered and were voted down almost unanimously. This action fully discredits the efforts of Mr. Snyder to deceive the people as to Mr. Tener's attitude towards organized labor."

The trailing skirt is made the subject of some commendable comments by the York Gazette in an article on "Precautions Against Disease," in which among other things it says: "Women frequently are met in the street, clad in gowns with trailing skirts, who would be indignant at the suggestion of doing wrong, but without an apparent scruple of conscience they drag their skirts through the germ-laden streets, collecting into their folds the possibilities of pneumonia, and the germs of consumption, to the injury of those whom they hold most dear. Most of our cities have enacted laws which prohibit expectorating in public conveyances and places; but the result, in many communities, is scarcely noticeable. Some sensible women have taken a step in the right direction by adopting short skirts exclusively for street wear; but, until the fashion becomes general and men, as well as women, begin to realize how much their carelessness means, people may continue to contract disease, fall ill and die, as heretofore."

The Citizens Library Association will hold their annual meeting Friday evening, April 17, '08, at 7:30 p. m. All members are requested to be present. By order of Committee: H. C. Pangburn, Sec'y.

### The Last Hours.

The closing hours of a heated po-  
litical struggle have come and it is  
only a brief time until the people will  
know without a doubt whether the  
voters have been fully awake to their  
duty and have chosen for independ-  
ence, good government and true  
manhood, or for the opposite, includ-  
ing such things as bossism, corruption  
and selfishness, in this Twenty-fourth  
Congressional district. Everywhere  
there are glowing evidences of the in-  
stillation of a new spirit and it does  
not seem possible but that the shack-  
les of political slavery have been  
thrown off at this time and that a  
glorious victory is soon to be an-  
nounced in the nomination of J. K.  
Tener. Of course it is more than a  
matter of political achievement that  
Charleroi awaits. Civic pride is  
awakened, for here it is proven that  
all prophets are without honor in  
their own county. Among the abuse  
and vituperation to which he has been  
subject, not one word can be found  
uttered against him by those who  
really know him. A detestable sys-  
tem has raked over every action of  
his past life in the effort to find  
something discreditable and this has  
failed. On the other hand, Mr. Ter-  
er has conducted a campaign remark-  
ably free from innuendo and undigni-  
fied bickering. If trickery accom-  
plishes his defeat he can take it with  
the consciousness that he has done  
nothing to weaken the standard of  
honor which he upholds. Victory, as  
it seems now assured, will find him  
ready to take the final steps into the  
office unhampered and uncontaminated.  
The struggle is almost over. The  
voter who has not cast his ballot  
should not neglect the duty of being  
a factor in placing the Charleroi can-  
didate in the office to which he as-  
pires and so richly deserves.

### Logan a Member of State Troops.

Leo Logan, former chief of police of  
Monongahela, but later in the employ  
of the Pittsburgh-Buffalo company, has  
been appointed as a member of the  
State Police, and was sworn into ser-  
vice yesterday. He will likely be  
assigned to duty in the Zollarsville  
district. Mr. Logan was in Monon-  
gahela yesterday, and left at 11 o'clock  
for Pittsburgh. He reports the mines  
running in the vicinity of Zollars-  
ville. Passenger train service is  
promised the district on the first of  
May.

Wylie. The last three are "present  
members of the board of commis-  
sioners.

Much interest is being taken in  
the new primary law and this will be  
the first thorough test of its efficiency.  
For the benefit of those uninformed  
we append a very important provi-  
sion of the new uniform primaries act,  
to which general attention is invited.  
"Each elector shall have the right  
to receive the ballot of the party for  
which he asks: Provided, That if he  
is challenged, he shall be required to  
make oath or affirmation that, at the  
next preceding general election at  
which he voted, for a majority of the  
candidates of the party for whose bal-  
lot he asks."

In order that one may decide as to  
how he voted at the last general elec-  
tion the names of four candidates on  
the Republican ticket are published:  
State Treasurer Sheatz, District At-  
torney Acheson, Sheriff Murphy,  
Poor Director Emery.  
Election returns will be furnished  
by several different sources tonight,  
and a tremendous crowd is expected  
to be on the street to get the first  
news. The telephone companies will  
furnish patrons with all news possible  
without cost, and the different  
theatres will make election returns an  
attraction. The largest crowd will  
perhaps congregate at the corner of  
Fifth street and McKean Avenue,  
where Oates Bros. will flash the re-  
turns from a stereopticon to the side  
of the Hotel Charleroi building.

### Castner

Squire B. W. Castner, of Donora,  
a well known and highly respected  
resident of this section, died last  
night at the Mercy hospital, Pitts-  
burg, after a several days illness.  
The funeral announcement will be  
made later. Mr. Castner has been a  
resident of Donora since the town  
was first started, being the first bur-  
gess of that place. He owned part  
of the site upon which the town was  
built.

The deceased was a justice of the  
peace for thirty years in Carroll town-  
ship. Rebecca Castner, his grand-  
child, was the first child born in  
Donora.

The fine deposits of anthracite coal  
in this state form one of the most  
valuable treasures of our great com-  
monwealth, and the reported discov-  
ery of a valuable vein in Potter  
county is creating much interest be-  
cause if correct, it would indicate a  
much larger extent of the hard coal  
field that is now known. The To-  
wanda Daily Review, commenting on  
the reported discovery, says: "Pot-  
ter county is one of the northern tier  
on the New York state line and far  
out of the well ascertained anthracite  
belt, and consequently, where no de-  
posits of hard coal were suspected.  
If such is found there, why not also  
in the intervening belt, thus extend-  
ing the anthracite area much beyond  
its limits, as at present known to  
geologists? A diamond deposit would  
not be worth as much to Pennsylvania  
and to the world as another hard coal  
field in our commonwealth."

## FOR CONGRESS John K. Tener

JOHN K. TENER

Strike a blow at  
hypocrisy by voting  
for Mr. Tener next  
Saturday.

Not Silent on Local  
Option for  
Fourteen Years

Read and Be  
Convinced.

Charleroi, Pa., March 16, 1908

Mr. Thomas D. Brown,  
New Brighton, Pa.  
My Dear Sir:—

Referring to our recent conversation relative to  
my attitude on the liquor license question, I desire to make my  
position thereon plain to you and all other fair minded citizens.  
Admitting that there is an honest difference of opinion as  
to the details of a local option bill, let me say that I would not  
assume to dictate to a state legislative body, of which I shall  
not be a member, just what kind of a bill, in all such details,  
that body should pass; but I am unalterably of the opinion that  
the right should be given the people in any designated territory  
to decide by their votes whether or not license should be granted,  
and I would give my support to the bill presented by and satis-  
factory to those friends of local option having charge of it in the  
state legislature, where, and where only, this question must be  
settled.

In my home town of Charleroi, and since its foundation,  
not only its incorporators but its best citizens, from that day to  
this, have succeeded in keeping the number of licenses down to  
a minimum, and in the hands of the most experienced, best  
qualified, and most responsible hotel men, believing as we do,  
that since the business is legalized it is the duty of all good  
citizens to use their influence to eliminate, as far as possible,  
the evils resulting therefrom.

I have already stated that I am making no effort whatever  
to gain control of politics in this district, or to elect any man  
or set of men for that purpose. It is my belief that our people  
are tired of bosses and bossism, and will not be deceived, even  
though the boss masquerade in the garb of reform.

Trusting that I have clearly defined my position on this  
question, I am,

Yours very truly

JOHN K. TENER

### DOWNWARD COURSE

Fast Being Realized by Charlestown People.

A little backache at first. Daily increasing till the back is lame and weak. Urinary disorders quickly follow: Diabetes and finally Bright's disease. This is the downward course of kidney trouble. Richard Young, retired, living in Youngstown, Pennsylvania, says: "I suffered for a number of years with attacks of backache always more severe if I contracted a cold. These backaches were caused by a disordered condition of my kidneys and I was caused much annoyance in consequence. I learned of Doan's Kidney Pills and began using them. In a very short time my kidneys were restored to perfect health and the backache banished. I gave a statement for publication some years ago telling of my experience with Doan's Kidney Pills and since that time I have used the remedy on one or two occasions and always with the same good result, a speedy cure. I earnestly recommend this medicine to anyone suffering with kidney trouble."

### AWAY BELOW ZERO.

The Awful Cold That Comes With Forty Degrees of Frost.

It is difficult to form any conception of the degree of cold represented by 40 degrees of frost that at times prevails in certain parts of Russia. Sir Leopold McClintock tells us how in one of his arctic expeditions a sailor was foolish enough to do some outdoor work at precisely this temperature. His hands froze, and when he rushed into the cabin and plunged one of them into a basin of water so cold was the hand

that it was instantly converted into a block of ice. At 25 degrees, Dr. Kane says, "the men were in a constant state of shivering, and their hands were numb." Put out your tongue, and it instantly freezes to the icy crust. Your chin has a tick of freezing to your upper jaw by the happy aid of your beard. My eyes have often been so glued as to show that even a wink was unsafe. During a theatrical performance given by the crew of his ship at an inside temperature of 30 degrees "the condensation was so excessive that we

could barely see the performers. Then hands steamed. When an excited Thesman took off his coat it smoked like a dish of potatoes. Any extra volubility of delivery was accompanied by volumes of smoke."—Pearson's Weekly

The Spendthrift Version. "You know that old saying," began Kwoter, "Take care of the pennies and the dollars will take care of you." "And," interrupted Gaily, "the dollars will take care of your heirs."—Philadelphia Press.

### Victims of Heredity.

It has been shown that criminal tendencies depend on heredity and social and physiological circumstances. The most important of these is heredity. Just as no amount of ambition will enable a man to write a Shakespearean drama if he have not the talent, so it is preposterous to expect in a child of vicious parents, brought up among vicious surroundings, that moral tone which would characterize the finest type of humanity. —Strand Magazine

## BOSS WILL GET BIG FROST IN CHARLEROI

### Weak Attempt To Work For Acheson Given Up This Morning.

If the Tener enthusiasm which is this morning rife in Charleroi is any evidence of the sentiment over the

latter has workers it is true, and it is rumored that plenty of money has been sent here from Washington to bolster up the boss's waning cause; but this is of no avail against the tremendous Tener movement which has been steadily growing during the past few months.

The latter has workers it is true, and it is rumored that plenty of money has been sent here from Washington to bolster up the boss's waning cause; but this is of no avail against the tremendous Tener movement which has been steadily growing during the past few months.

Mr. Tener several days ago gave orders that no liquor was to be used in his campaign and his instructions have been rigidly obeyed. Several attempts have been made to prove that this is not true but it is a fact that booze is not and will not be used by Mr. Tener or his friends.

The friends of the different legislative candidates are very busy. The local association is taking part in the matter and have out circulars in which they advise the voters of the three parties to support certain candidates. All the other candidates for Assembly have workers hustling for them.

One of the interesting contests in the Republican primaries is that for the nomination of treasurer. At least five out of the six candidates claim they will win. The fight has been waged with vigor and earnestness for weeks and as the campaign draws to a close each candidate feels confident of winning.

The whole contest is so much up in

the air at this time that no one can predict the result.

The contests for coroner, although not attracting so much attention, is among seven candidates with the field open. These candidates are George B. Clutter, James T. Heffran, H. K. Kelly, T. F. Nicholls, Calvin Patterson, C. C. Vankirk and R. L. Culbertson.

For the office of county commissioner five candidates are in the field and an interesting contest has been going on for this place. The aspirants are John A. Berry, Thomas Hill, J. A. Huffman, D. W. Myers and R. D. (Continued on second page)

## WILL FURNISH ELECTION NEWS IS FINED \$20 FOR CRUELTY TO ANIMALS

The Charleroi Telephone company yesterday placed a telephone in the Telephone Exchange where election news will be received. They have telephones in the Exchange rooms, the Turn Verein, and at all of the above places as well as at a pay stations election news will be given out. No charges will be made.

This company passed the 2nd mark yesterday and have orders to keep their men busy for some time placing new phones.

Their Pittsburgh service has increased wonderfully as well as other long distance service.

The work towards placing service in Monessen, Belle Vernon, and Donora is progressing and it is probable that the towns mentioned will be connected before fall. Work has been started on the Air Line to Washington and nothing preventing service will be given direct by August first. Other local lines are planned and no doubt will be built this year.

Three Hungarians had a hearing before Squire Ross at Brownsville yesterday morning on a charge of having broken into and robbed a freight car on the Gettysburg branch, of the Pennsylvania railroad a few nights ago. The men were held for court. They admitted their guilt.

The arrests were made by Railroad Detectives George Marker, J. A. Henderson and Lieut. W. J. Davis. They found over \$200 worth of swag in the house where the foreigners lived.

Using liquor in Washington

Line Reporter yesterday sang Boss Acheson's swan song. It related the story of the use of beer in behalf of John K. Tener, the Republican party candidate for Congress. That story has been repeated time after time in the Reporter and Observer.

But The Record has proved the contents of those two sheets to be absolutely false so often, even within the short space of this week, that people only laugh at their assertions or statements.

As a matter of fact The Record has had evidence for two weeks of the lavish use of whiskey in Congressman Acheson's behalf.

In The Record office is the picture of a drug store in Washington in which for weeks past free prescriptions

### Needed Bird Defenders.

A suggestion is made to the boys of Lewistown, by the Lewistown Gazette, that is applicable to every town throughout the state. It is this: "There are at least a thousand boys and girls in our public schools of all grades who should enlist in the army of bird defenders. We are sorry to say it, but some of our most beautiful song birds were criminally shot by youthful hunters last year because parents allowed them the use of target and other guns."

## ALMOST READY FOR SEASON'S OPENING AT CONNELLSVILLE

Connellsville, Pa. April 10.—An enthusiastic meeting of the baseball enthusiasts of this prosperous town was held last evening at the hotel. A conference of the club officers and managers of the Pennsylvania and West Virginia Baseball League, and all of the baseball players of the league of the season except the adopted of a schedule. This important matter will be disposed of at a meeting of the schedule committee to be held early next week.

When the managers assembled here a were filled with a spirit of enthusiasm that augured well for the success of the organization.

Unfortunately, a misunderstanding had caused the report to be circulated that Connellsville was hesitating, and that the chances were the City could not be represented in the league.

Naturally, this state of affairs caused considerable uneasiness on the part of the other club officers, but when the Connellsville people got together this evening it was found that this city was just as game and "sporty" as any other member of the organization.

Connellsville people who are public-spirited and progressive, gave the lie to the many misleading reports by forming the Connellsville Baseball Association. H. F. Barkley was elected president, James H. Doyle, vice president, Harry Schenck, secretary and treasurer. Wade Marietta, business manager, board of directors, Barkley, Doyle, Marietta, W. D. McGinnis, B. C. Mitchell, J. Donald Porter, A. D. Sisson, H. C. Hoffman, Squire Stillwagon, A. A. Straub and T. C. Echard.

After the Connellsville promoters had completed their organization there was another session of the league when all the teams named their guarantee—\$500 each—to play out the schedule and the future of the Pennsylvania and West Virginia League is certainly of the brightest.

The Connellsville association starts out with \$2,000 in their treasury, but the working capital is to be increased.

President James D. Groninger stated tonight that all is now in readiness for the season. "The league is going to be one of the best minors ever organized," said he.

"This will be the last meeting before the beginning of the championship campaign. Today's developments have been most gratifying and every member feels that the league will be a big success. The schedule committee will meet Monday or Tuesday, when the arrangement of playing dates will be made public. Connellsville has applications from five well-known players, who are anxious to manage the Cokers, and it is safe to say that it will have one of the best teams in the league."

## WAS PUT UP JOB OF A FEW MEMBERS

### No Truth In Statement Sent Out that Endorsement of Tener was Withdrawn

Monaca, March 10.—Great indignation is expressed here by the members of the Flint glass workers' union over

endorsement of the candidacy of J. K. Tener for congress. The meeting at which the alleged withdrawal was passed was irregular and was not called in the usual and legal manner.

Only a few members known to be opposed to Mr. Tener were invited

dated by the other union men in this

Mr. Tener is a private lumbering, and he is stronger with organized labor in Deaver county today, than ever before.

Toronto, O., April 10.—Charles Baker, a prominent member of the Flint Glass Workers' union No. 73, of this place, today made the following statement: "The story being circulated to the effect that the Flint Glass Workers' union had passed resolutions condemning Mr. John K. Tener of Charleroi, Pa., for his course in the MacBeth-Evans strike is absolutely false. Such resolutions were offered and were voted down almost unanimously. This action fully discredits the efforts of Mr. Snyder to deceive the people as to Mr. Tener's attitude towards organized labor."

The trailing of it is made the subject of some commendable comments by the York Gazette in an article on "Precautions Against Disease," in which among other things it says:

"Women frequently are met in the street, clad in gowns with trailing skirts, who would be indignant at the suggestion of doing wrong but without an apparent scruple of conscience they drag their skirts through the germ-laden streets, collecting into their folds the possibilities of pneumonia, and the germs of consumption, to the injury of those who they hold most dear. Most of our cities have enacted laws which prohibit expectorating in public conveyances and places, but the result, in many communities, is scarcely noticeable. Some sensible women have taken a step in the right direction by adopting short skirts exclusively for street wear, but, until the fashion becomes general and men as well as women, begin to realize how much their carelessness means, people may continue to contract disease, fall ill and die, as heretofore."

The Citizens Library Association will hold their annual meeting Friday evening, April 17 '08, at 7:30 p. m. All members are requested to be present. By order of Committee. H. C. Pangburn, Sec'y

## The Last Hours.

The closing hours of a heated po-  
litical struggle have come and it is  
only a brief time until the people will  
know without a doubt whether the  
voters have been fully awake to their  
duty and have chosen for indepen-  
dence, good government and true  
manhood, or for the opposite, includ-  
ing such things as bossism, corruption  
and selfishness, in this Twenty-fourth  
Congressional District. Everywhere  
there are glowing evidences of the in-  
stillation of a new spirit and it does  
not seem possible but that the shack-  
les of political slavery have been  
thrown off at this time and that a  
glorious victory is soon to be an-  
nounced in the nomination of J. K.  
Tener. Of course it is more than a  
matter of political achievement that  
Charleroi awaits. Civic pride is  
awakened, for here it is proven that  
all prophets are without honor in  
their own county. Among the abuse  
and vituperation to which he has been  
subject, not one word can be found  
uttered against him by those who  
really know him. A detestable sys-  
tem has raked over every action of  
his past life in the effort to find  
something discreditable and this has  
failed. On the other hand, Mr. Ten-  
er has conducted a campaign remark-  
ably free from innuendo and undig-  
nified bickering. If trickery accom-  
plishes his defeat he can take it with  
the consciousness that he has done  
nothing to weaken the standard of  
honor which he upholds. Victory, as  
it seems now assured, will find him  
ready to take the final steps into the  
office unhampered and uncontaminated.  
The struggle is almost over. The  
voter who has not cast his ballot  
should not neglect the duty of being  
a factor in placing the Charleroi can-  
didate in the office to which he as-  
pires and so richly deserves.

Logan a Member of State Troops.

Leo Logan, former chief of police of  
Monongahela, but later in the employ  
of the Pittsburgh-Buffalo company, has  
been appointed as a member of the  
State Police, and was sworn into ser-  
vice yesterday. He will likely be  
assigned to duty in the Zollarsville  
district. Mr. Logan was in Monon-  
gahela yesterday, and left at 11 o'clock  
for Pittsburgh. He reports the mines  
running in the  
ville. Passenger train service is  
promised the district on the first of  
May.

## Boss Will Get Big Frost in Charleroi

Wylie. The last three are "present  
members of the board of commission-  
ers.

Much interest is being taken in  
the new primary law and this will be  
the first thorough test of its efficiency.  
For the benefit of those uninformed  
we append a very important provision  
of the new uniform primaries act,  
to which general attention is invited.  
"Each elector shall have the right  
to receive the ballot of the party for  
which he asks: Provided, That if he  
is challenged, he shall be required to  
make oath or affirmation that, at the  
next preceding general election at  
which he voted, for a majority of the  
candidates of the party for whose bal-  
lot he asks."

In order that one may decide as to  
how he voted at the last general elec-  
tion the names of four candidates on  
the Republican ticket are published:  
State Treasurer Sheatz, District At-  
torney Jackson, Sheriff Murnhe,  
Poor Director Emery.

Election returns will be furnished  
by several different sources tonight,  
and a tremendous crowd is expected  
to be on the street to get the first  
news. The telephone companies will  
furnish patrons with all news possible  
without cost, and the different  
theatres will make election returns an  
attraction. The largest crowd will  
perhaps congregate at the corner of  
Fifth street and McKean Avenue,  
where Oates Bros. will flash the re-  
turns from a stereopticon to the side  
of the Hotel Charleroi building.

### Castner

Squire B. W. Castner, of Donora,  
a well known and highly respected  
resident of this section, died last  
night at the Mercy hospital, Pitts-  
burg, after a several days illness.  
The funeral announcement will be  
made later. Mr. Castner has been a  
resident of Donora since the town  
was first started, being the first busi-  
ness of that place. He owned part of  
the site upon which the town was  
built.

The deceased was a justice of the  
peace for thirty years in Carroll town-  
ship. Rebecca Castner, his grand-  
child, was the first child born in  
Donora.

The fine deposits of anthracite coal  
in this state form one of the most  
valuable treasures of our great com-  
monwealth, and the reported discov-  
ery of a valuable vein in Potter  
county is creating much interest be-  
cause if correct, it would indicate a  
much larger extent of the hard coal  
field that is now known. The To-  
wanda Daily Review, commenting on  
the reported discovery, says: "Pot-  
ter county is one of the northern tier  
on the New York state line and far  
out of the well ascertained anthracite  
belt, and consequently, where no de-  
posits of hard coal were suspected.  
If such is found there, why not also  
in the intervening belt, thus extend-  
ing the anthracite area much beyond  
its limits, as at present known to  
geologists? A diamond deposit would  
not be worth as much to Pennsylvania  
and to the world as another hard coal  
field in our commonwealth."

## FOR CONGRESS John K. Tener

JOHN K. TENER

Charleroi, Pa., March 16, 1908

Mr. Thomas D. Brown,  
New Brighton, Pa.  
My Dear Sir:

Referring to our recent conversation relative to  
my attitude on the liquor license question, I desire to make my  
position thereon plain to you and all other fair minded citizens.  
Admitting that there is an honest difference of opinion as  
to the details of a local option bill, let me say that I would not  
assume to dictate to a state legislative body, of which I shall  
not be a member, just what kind of a bill, in all such details,  
that body should pass; but I am unalterably of the opinion that  
the right should be given the people in any designated territory  
to decide by their votes whether or not license should be granted,  
and I would give my support to the bill presented by and satis-  
factory to those friends of local option having charge of it in the  
state legislature, where, and where only, this question must be  
settled.

In my home town of Charleroi, and since its foundation,  
not only its incorporators but its best citizens, from that day to  
this, have succeeded in keeping the number of licenses down to  
a minimum, and in the hands of the most experienced, best  
qualified, and most responsible hotel men, believing as we do,  
that since the business is legalized, it is the duty of all good  
citizens to use their influence to eliminate, as far as possible,  
the evils resulting therefrom.

I have already stated that I am making no effort whatever  
to gain control of politics in this district, or to elect any man  
or set of men for that purpose. It is my belief that our people  
are tired of bosses and bossism, and will not be deceived, even  
though the boss masquerade in the garb of reform.

Trusting that I have clearly defined my position on this  
question, I am,

Yours very truly  
JOHN K. TENER

## Our Prices:

Many ask why we can sell good shoes so cheap. The fact is we do sell the best standard make of shoes at a much lower price than other merchants. The reason is this: we buy sample shoes, which are the first turned out by the factory and used by the traveling salesman: we guarantee every pair of shoes we sell, in fit, quality and wear.

### DOWNWARD COURSE

Fast Being Realized by Charleroi People.

A little backache at first. Daily increasing till the back is lame and weak. Urinary disorders quickly follow: Diabetes and finally Bright's disease. This is the downward course of kidney ills.

Richard Young, retired, living in Youngstown, Canonsburg, Pa., says: "I suffered for a number of years with attacks of backache always more severe if I contracted a cold. These backaches were caused by a disordered condition of my kidneys and I was caused much annoyance in consequence. I learned of Doan's Kidney Pills and began using them. In a very short time my kidneys were restored to perfect health and the backache banished. I gave a statement for publication some years ago telling of my experience with Doan's Kidney Pills and since that time I have used the remedy on one or two occasions and always with the same good result, a speedy cure. I earnestly recommend this medicine to anyone suffering with kidney troubles."

For sale by all dealers. price 50c. Foster-Milburn Co., Buffalo, N. Y., Sole Agents for the United States. Remember the name—Doan's—and take no other.

### AWAY BELOW ZERO.

The Arctic Cold That Came With Forty Degrees of Frost.

It is difficult to form any conception of the degree of cold experienced by 50 degrees of frost that at times prevails in certain parts of Russia. Sir Leopold Mercur tells us how in one of his arctic expeditions a sailor was foolish enough to do some outdoor work at precisely this temperature. His hands froze, and when he rushed into the cabin and plunged one of them into a basin of water so cold was the hand

that it was instantly converted into a block of ice.

At 25 degrees, Dr. Kane says, "the mustache and underlip form pendulous beads of dangling ice. Put out your tongue and it instantly freezes to this by encasing. Your chin has a trick of freezing to your upper jaw by the hairy end of your beard. My eyes have often been so glued as to show that even a wink was unsafe."

During a theatrical performance given by the crew of his ship at an inside temperature of 30 degrees "the condensation was so excessive that we

could hardly see the performers. Their hands steamed. When an excited Thespiian took off his coat it smoked like a cloud of smoke. Any actor's performance of delivery was accompanied by volumes of smoke."—Pearson's Weekly.

### The Spendthrift Version.

"You know that old saying," began Kwyer. "Take care of the pennies and"

"And," interrupted Galley, "the dollars will take care of your heirs."—Philadelphia Press.

### Victims of Heredity.

It has been shown that criminal tendencies depend on heredity and social and physiological circumstances. The most important of these is heredity. Just as no amount of ambition will enable a man to write a Shakespearean drama if he have not the talent, so it is preposterous to expect in a child of vicious parents, brought up among vicious surroundings, that moral tone which would characterize the finest type of human kind.—Strand Magazine.

## Making More Than a Living

Nearly every man who works steadily makes more than a living. During these slow times the men who have saved something appreciate what it is to have something laid away for a rainy day. A few cents a day soon counts up, and when savings are placed in a bank at a tiny interest the sum soon grows to proportions that make it a safeguard against want which work is not plentiful. Figure up how much more than a living you are making now, and place the difference in this bank. Four per cent interest paid in savings department.
